Saturday, December 23. Christmas recess begins.

1872.

Monday, January 1. Christmas recess ends.

Thursday, February 22. Orations by Junior Class.

Thursday, June 14, commencement.

THERE are frequent written translations of Latin and Greek into English, as well as the Exercises of translating English into Latin and Greek by the members of each class; and the members of the Senior Class are required frequently to present written analyses of the authors and subjects belonging to this part of the course of studies. Each student is required to present a composition once a month to one of the Professors to whom he recites, and there are declamations in the chapel weekly on Friday evening, by the classes in divisions. A Bible recitation is attended by all the students on Sabbath evenings.

The Freshman and Sophomore Classes recite daily on Mathematics, Latin and Greek. The Junior Class recite five times a week on Mathematics, and three times a week on Latin, Greek, Mental Philosophy and Chemistry. The Senior Class recite five times a week on Moral Philosophy, Logic, Political Economy, Evidences of Christianity, &c.; and three times on Physical Science, Latin and Greek.

Hampden Sidney professes to be a College merely, and not a University. She retains a curriculum of study, which long time and varied experience have proven to be best adapted to effecting a *liberal* education, as distinguished from education of a purely business, or professional character. Students are here prepared for the professional schools, whether secular or religious, of the very highest grade, or fitted for the proper discharge of the duties of an enlightened citizen. Believing that the culture of all the mental faculties, designed to be here accomplished, is best effected by the complete and thorough mastery of what is taught, the catalogue of text-books is not so extended as to necessitate the hasty, superficial and imperfect study and acquisition of the contents of books written on a vast number of subjects—however valuable and important in themselves.

As every thing cannot be taught, within four years, to youth of ordinary abilities, the attempt to do so is not made; but rather to do well, and thoroughly, what is professed to be done.

Admission.

CANDIDATES for admission into the College, are examined by the Faculty, and placed in the class which they are prepared to enter. Candidates for admission into any particular class must stand an examination on *all* the course previously pursued by the class. In *all* cases the candidate is required to present satisfactory testimonials as to his moral character and standing in the institution which he *last attended*. Examinations for admission, commence on Tuesday before the session opens.

Students desiring to pursue a particular branch of study, are permitted to enter any class in College for which they are found prepared, subject, however, to the direction of the Faculty in the amount of study required, which shall in all cases be equal to that of regular students.

Religious Exercises.

STUDENTS are required to attend prayers in the chapel, Bible class on the Sabbath, and church in such places as their parents or guardians shall request; or without such request, in the place appointed by the Faculty.

Monthly Circulars.

EACH Professor keeps a daily record of the attendance and recitations of the members of his classes, and at the end of every month the average standing in scholarship, the number of absences from recitations, chapel and church, together with any improper deportment requiring particular notice, is transmitted to the parent or guardian of each student in the institution.

Examinations.

THERE are two public examinations of all the classes, one in the middle of the session and another at the close, conducted by each Professor in his own department. These examinations are either oral or written, or both combined, and are designed to test thoroughly each student's knowledge of the studies of the session. The classes are divided into four divisions, or grades, according to the results of the examination, and their sessional standing. Those in the first grade are announced at Commencement as distinguished. Those in the second grade are sustained and permitted to advance with the class, while those in the third grade cannot advance until they have been sustained on a re-examination. Those in the fourth grade are not entitled to a re-examination, which, however, in certain cases may be granted by the Professor in charge.

The Senior class are examined on all the studies of the course four weeks before Commencement.

Public Exhibitions.

THE members of the Senior class deliver original orations in the chapel at the close of the first term, and representatives from each of the Literary Societies, together with the members of the Junior class, on the 22d of February.

Vacation and Commencement.

COMMENCEMENT occurs annually on the Thursday following the second Tuesday of June. The vacation follows the annual Commencement and continues until the first Thursday of September.

The Literary Societies hold their anniversary meetings on

the day before Commencement, and public addresses are delivered before them by literary gentlemen appointed for the occasion. The Alumni are addressed on Commencement day by one of their number.

Every student is expected to enter punctually on the first day of the session, or present to the Faculty satisfactory reasons for absence. Parents and guardians cannot be too careful in seeing that this rule is observed, for the loss of a few days at the beginning of a session is almost invariably followed by a loss of grade in class, and always subjects the student to hurried and embarrassed study. Parents and guardians are also earnestly requested not to permit their sons or wards to be absent during the College term.

Degrees.

THE degree of Bachelor of Arts is conferred upon those who complete the full course of studies, and are sustained on all their examinations. The degree of Master of Arts may be conferred on graduates of two years standing, who present satisfactory evidence of having devoted themselves to study, and a written thesis to be examined and reported upon by a joint Committee of the Board of Trustees and Faculty of the College.

Expenses.

Tuition for the year.....	\$ 50 00
Room rent for the year.....	\$ 12 00
Servant's hire and contingent expenses.....	7 00
Matriculation fee.....	10 00
Deposit, (which is returned if no damage is done)...	5 00
Board, \$3.50 to 4.50 per week, half in advance in September and January.....	160 00
Washing, \$1.50 per month.....	15 00
Wood, \$2.25 per cord, variable say.....	10 00

The cost of board may be reduced to \$6 or \$10 per month by joining private messes in College.

Members of the Junior Class in Chemistry pay a fee of \$7.00.

Students who enter on the scholarships pay no tuition fees, but are liable for all the other charges, *which must be paid in advance*. The incidental expenses will depend upon the habits of the student and the allowance from home. There is no more fruitful source of injury to the student than too large a supply of pocket-money.

By an act of the board of Trustees, wounded soldiers of the late Confederate armies, and sons of those killed in battle, are admitted free of tuition.

Candidates for the Gospel Ministry pay tuition fees, or not, as they prefer.

Halls and Libraries.

The halls of the Literary Societies are fitted up with great taste and neatness, and the libraries containing about 3,500 volumes each, have been selected with care, and are constantly increasing by additions from the choicest productions of the modern press.

Location, Remarks, &c.

Hampden Sidney College is situated in Prince Edward County, Va., and is reached by daily stage from Farmville, which is on the Southside portion of the Atlantic, Ohio & Mississippi Rail road. The locality is proverbially one of the most healthy in Virginia. Union Theological Seminary is in its immediate vicinity, and the students of either institution have access to the lecture rooms and libraries of the other, free of charge. The College is surrounded by a community distinguished for intelligence, morality and piety, in the families of which students may enjoy all the social advantages consistent

with a life of study. Its quiet situation in the country, removed from the bustle of life, and from the temptations incident to town or city, associated with the above-named advantages, renders this College one of the most desirable retreats to every student who aims to secure the thorough culture of his mind and heart, and the formation of correct habits.

Communications on business should be addressed to the President,

REV. J. M. P. ATKINSON, D. D.,
Hampden Sidney College, Va.
